# GROUP KEY FIGURES

Total Revenue: **14M €**

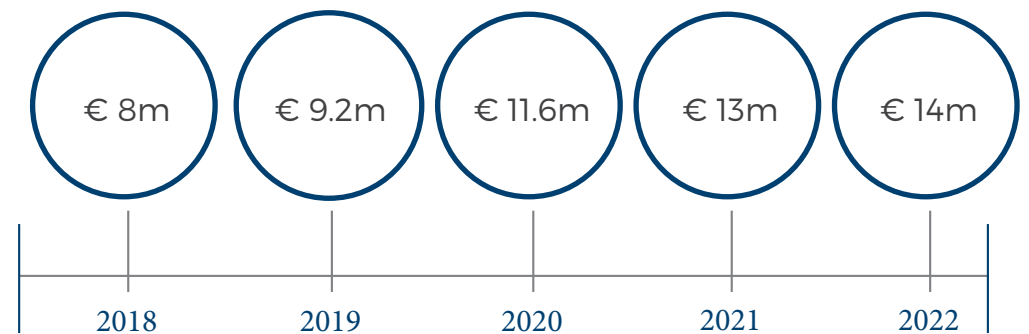

Total Aronlight: **6.1M €**

Total Group: **20.1M €**

## ARONLIGHT

## CONTERA GROUP

# WHO **WE ARE**

Aronlight is one of the fastest growing lighting brands in Europe with local operation in Portugal, Spain and France.

We create sustainable and high-quality lighting solutions and luminaires for every space (Indoor, Outdoor, Public, Industry, Horticultural, etc.).

Aronlight uses the best and most efficient technology in the design of its luminaires creating the perfect fit between innovation, quality and price. We distribute our brand to our partners and provide all type of sales and technical support for their everyday business.

# SOLUTIONS

## **TAYLOR MADE / STOCK**

Aronlight combines experience and knowledge to provide the necessary technical support for all kinds of lighting projects. We use the most developed lighting software on the market and we have more than 30 years of experience in lighting projects.

Our team of professionals, highly committed to customer satisfaction, they accompany the development of the project from start to finish.

Later we offer the best guarantee (up to 5 years), depending on the quality of our products.

# ADVANTAGES OF **ENERGY AND COST**

- Longer useful life (50,000 hours) and consequent reduction in maintenance costs.
- Reduced energy consumption compared to conventional technologies.
- Reduction of labor accidents and production errors, with an increase in the luminous flux.
- Greater functional comfort, by eliminating the stroboscopic effect (flashes).
- Reduction of heat emitted by lighting equipment. (In LED technology, only 10% of the energy is converted into heat).

# ADVANTAGE **ENVIRONMENTAL**

- Does not emit ultraviolet light.
- Does not emit infrared radiation.
- Due to its low consumption, LED technology considerably reduces CO<sup>2</sup> emissions into the atmosphere.
- They do not contain harmful substances for the environment, such as mercury or lead.
- They do not need decontamination before recycling.

# EXCELLENCE IN CERTIFICATION

We are a European brand that complies with all the regulations to distribute its certified products in the EU Community, including two of the most demanding and distinguished such as TUV and ENEC.
